

STRATEGIC PRIORITIES 2015-18

'Birrang' is a Wiradjuri word meaning 'horizon'

The founders of Birrang were visionary Aboriginal men and women from across regional New South Wales whose goal was to make a difference in Aboriginal people's lives.

"We believed at the time that we could work towards better outcomes for our people. Everything we set out to do was about building skills for employment, We saw that the existing services weren't dealing adequately with what people needed so they could get a job and get ahead. Over the years, we've proven we can do better, by the way we go about things. We've improved the quality of services available for Aboriginal clients in regional New South Wales. We take a holistic approach, working with Aboriginal people in a way that respects who they are and what they're trying to achieve in their lives."

Mr Gregory Murray, Chairman and founding Director
